

HARRIMAN BACK AT ROOSEVELT

CANNOT WITHDRAW ANY STATEMENTS HE MADE IN FAMOUS LETTER.

GAVE MONEY TO CAMPAIGN

And Raised a Big Sum Practically at the Solicitation of President Roosevelt.

New York, April 3.—The inside facts concerning the \$200,000 fund which Mr. Harriman raised in the campaign of 1904 at the request of President Roosevelt were given today by a financier of international standing, who was made familiar with the details at the time. He said there were four subscribers to the fund, each of whom gave \$50,000. They were he said, E. H. Harriman, Hamilton McK. Twombly, J. Pierpont Morgan and the fourth to the best of his recollection, was Wm. K. Vanderbilt.

He said that the \$200,000 was paid to Cornelius N. Bliss, with the express understanding that if Chauncey M. Depew were not appointed ambassador to France, he was to be returned to the United States Senate. The \$200,000 was turned over, he said, to Chairman Odell of the Republican state committee, who received it in ignorance of the condition relating to Depew and the Senate.

It is said that Harriman himself had political ambitions and was looking ahead to the time when he could reduce his business cares and take a seat in the United States Senate from New York. He figured Platt's old age and feeble health would soon cause him to resign, and as Depew would be under tremendous obligations to Harriman, he could render valuable aid in swinging the legislature to elect Harriman.

All these plans were jeopardized by the failure of Mr. Bliss to explain to Mr. Odell the conditions attached to the \$200,000. Ignorant of these, Mr. Odell went ahead and shaped things for the election of ex-Governor Frank Black to the Senate.

Odell refused absolutely to budge from the position he had put the Republican machine in on the senatorship and while this complication was at its height, the settlement with Governor Odell by the Mercantile Trust company in connection with the losses on U. S. Shipbuilding company bonds was effected by the payment of \$75,000.

At the last moment Mr. Odell finally agreed to throw his strength to Depew, who was thus returned to the Senate.

New York, April 3.—E. H. Harriman gave out a reply to the strictures made by President Roosevelt on assertions in Harriman's letter to Sidney Webster, a New York lawyer. Mr. Harriman said the letter was written Jan. 2, 1906, when his relations with the president were most cordial. A discharged employee, Mr. Harriman said, made the letter public. He adds: "While deploring, of course, that the sacredness of a private correspondence should thus be violated, I can not withdraw anything in the letter."

Mr. Harriman submits copies of a number of letters he received from the president during the summer and fall of 1904 inviting him to the White House. Mr. Harriman concludes: "I was asked to go to Washington by the president in the interests of the state ticket. I could help to raise money. That I did help in this regard, that I did raise funds immediately upon my return from the interview with the president, is undeniable, and to this fund I contributed \$50,000. The president's letter of Oct. 14, 1904, and his comment thereon, are interesting. In that letter he suggested that I might think there was some danger in my visiting him during the closing weeks of the campaign, and suggested that if I thought so, the visit be postponed until after election, when he would ask me to discuss certain government matters not connected with the campaign. Here were two distinct invitations to discuss two different subjects. I could see no danger in visiting him to discuss New York politics before the election, and therefore went and discussed the subject alone; and after the election took up the other subject for consideration with him. I think if what concerned me as the object of the visit had been the government's relation to the railroads the interview certainly would not have been entirely confined to politics."

In his letter to Mr. Webster, Mr. Harriman said: "About a week before election in the fall of 1904, when it looked certain that the state ticket would go Democratic and was doubtful as to Roosevelt himself, the president sent me a request to go to Washington. I complied, and he told me he understood the campaign could not be successfully carried on without sufficient money. I explained to him that I understood the difficulty here was mainly caused by the up-state leaders being unwilling to support Depew for re-election as United States senator, that if he (Depew) could be taken over in some way, I thought that matters could be adjusted. We talked over what could be done for Depew and finally agreed that, if found necessary, he would appoint him as ambassador to Paris. With the full belief that he, the president, would keep this agreement, I came back to New York. Mr. Harriman adds that he met Treasurer Bliss and other political leaders there, that the money, including a \$50,000 subscription by himself, was soon raised, and later turned over to Treasurer Bliss.

ROOSEVELT

Contradicts Statements Made in the Harriman Letter.

Washington, April 3.—Regarding statements made by E. H. Harriman in his letter to Sidney Webster, the New York lawyer, President Roosevelt said: "I feel particularly fortunate that I have been attacked within the last few days by both ex-Senator Burton and Mr. Harriman. In denying the assertions made in the Harriman-Webster letter the president made public copies of letters which the president wrote to Congressman Sherman of New York last October. In one of these letters the president said: 'I understand you to say that he (Harriman) alleged that I made this promise (referring to Depew as ambassador to France), at a time when he had come down to see me in Washington, when I requested him to raise \$250,000 for the Republican presidential campaign, which was then on. Any such statement is a deliberate untruth—by rights it should be characterized by even a shorter and more ugly word. I never requested Harriman to raise a dollar for the presidential campaign in 1904.'

In the correspondence with Representative Sherman which Roosevelt gave out for publication he says that Harriman urged him to appoint Depew ambassador to France to please big financial interests; that Harriman asserted in return for the appointment these big financial interests would help his friends, Higgins and Odell, that Harriman was concerned only in inducing Cortelyou to give all possible aid to Higgins during Odell's race for governor; that Harriman urged him to make no reference in his coming message to congress on the attitudes of railroads to the interstate commerce commission; that Harriman asked him for an advance copy of his message, which was refused; that Harriman told Sherman he would like to see Hearstism triumph because he could buy the Hearst crooks; and that Harriman told Sherman he could buy state legislatures, congress and the judiciary.

TO JUSTIFY HARRIMAN.
Washington, April 3.—Harriman's lawyers will appear before the Interstate Commerce Commission tomorrow to attempt to justify the magnitude of the railroad deal by claims that the Union and Southern Pacific are not competing lines and that Harriman in assuming control of both, was not violating the anti-trust law.

JUDGE A. B. PARKER ISSUES STATEMENT

In Which He Says Letter Bears Out the Charges He Made in the Campaign.

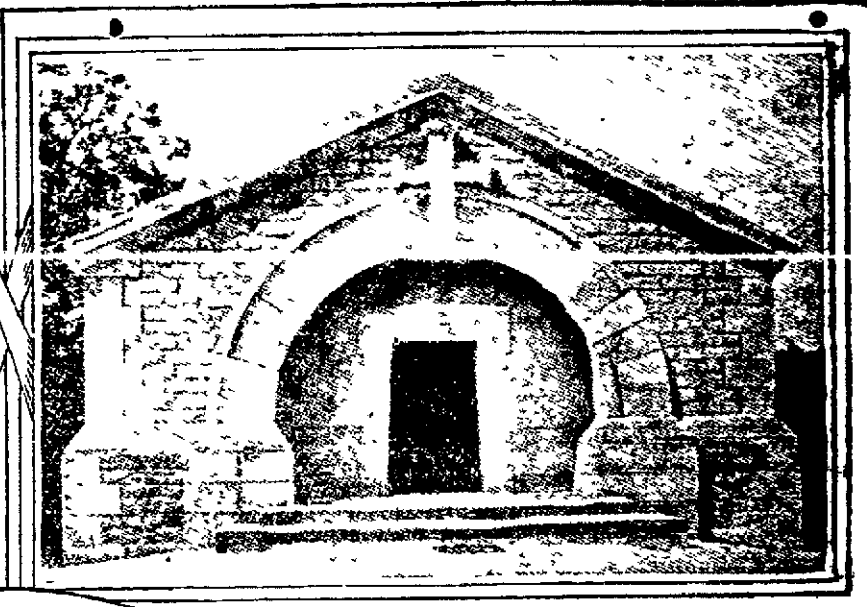

Albany, N. Y., April 3.—Alton B. Parker, Democratic candidate for the presidency of the United States in 1904, displayed the keenest interest in the letter of E. H. Harriman, especially in regard to its relations to his own charge made in the 1904 campaign, that the great corporation interests were largely financing the Republican campaign. Parker issued following: "That \$150,000 was turned over by the Equitable, Mutual and New York Life Insurance companies to Mr. Cortelyou's committee has never been denied, of course. It was testified to under oath before a body who could have summoned Mr. Bliss and Mr. Cortelyou to the witness stand if it had been denied. It is safe to deny Mr. Harriman's statement because there is not a committee before whom Mr. Bliss and Mr. Cortelyou and others can be summoned and compelled to testify. Congress has refused to make an investigation of the corporate contributions of 1904 or to pass a law prohibiting corporate contributions in the future. The moneys raised by Mr. Harriman and contributed by the Life Insurance companies, aggregating \$350,000, was but a drop in the bucket as compared with the total contributions by railroads and other great corporations. The public importance of an investigation at this time, therefore, can not be overestimated."

Henry Foster, a young farmer of Rappahannock county, Va., shot and killed his wife and child. Foster then blew out his own brains. No reason assigned.

RUMOR OF SECRETS IN M. CASIMIR-PERIER'S PAPERS.

CHATEAU DE PONT-SUR-SEINE

HAUSSMANN OF THE CASIMIR-PERIER

LUNACY TRIAL WAS RESUMED

ONE OF JEROME'S EXPERTS ON THE STAND WEDNESDAY MORNING

SAID HARRY THAW IS INSANE

And Points Out a Number of Instances of Irrationality in Harry Thaw's Writing

New York, April 3.—There was a big assemblage of alienists on hand when the Thaw lunacy commission resumed its hearing today. Dr. Wm. A. White, superintendent of the government insane asylum at Washington, Dr. Allen Ross Diefendorf, one of Jerome's experts, and Dr. Charles H. Wagner of Binghamton, were three alienists still to be examined. Thaw came into the trial room early. He was looking well and did not appear worried at the prospects of facing the lunacy board alone later in the day.

Dr. Diefendorf was the first witness called. He stated in his opinion Thaw is not capable of understanding the pleadings against him or to advise his counsel. His impression of Thaw's written suggestions to Delmas was that they indicated a mind which was not sound.

Dr. Diefendorf was asked to point out what he considered the evidences of insanity in Thaw's memoranda. He mentioned one of Thaw's notes which has appeared in the newspapers. Despite the protest from Hartridge the commissioners decided to allow Dr. Diefendorf to testify about the letters.

The witness then declared that another of Thaw's notes given to the papers in which he declared the "prosecution is backed by blacklegs," showed evidences of insanity.

At this point Evelyn, who had not been present when the hearing began, came into the court room.

Josiah Thaw was the only other member of the family present. Dr. Diefendorf was questioned at some length, the gist of his testimony being that Thaw was decidedly insane, although legally responsible.

In the midst of Dr. Diefendorf's examination, an Italian funeral procession passed the court house. Following the usual custom of such ceremonies the mourners passed the building following a brass band. The solemn funeral march could be heard so plainly in the court room that it was necessary for the hearing to cease until the band had passed. Everyone smiled but Thaw.

REVOLT MAY CAUSE MONARCH'S DEATH

Bucharest, April 3.—The peasant revolt in Roumania may cause the death of King Charles. The discovery of a conspiracy against the dynasty has added greatly to the monarch's worry. The physicians fear the worst. Active military preparations are in progress in Bucharest today. Troops patrol the streets and strong detachments guard the palace.

DEMOCRATS WIN ST. LOUIS ELECTION

St. Louis, Mo., April 3.—By majorities ranging from 4,000 to 6,000 the entire Democratic city council ticket was elected yesterday while 15 Democrats and 13 Republicans will comprise the new house of delegates.

M. CASIMIR-PERIER

Paris, April 3.—People are asking whether it is true as reported, that M. Casimir-Perier left a great volume of papers and documents with the request that they be not published till 50 years after his death.

The question contains a certain amount of interest because M. Perier's close connection with important affairs of state, particularly in relation to the Dreyfus case.

It will be remembered that in the quality of a witness he referred to the grave situation in government affairs, though apparently denying the current report that France was at one time on the verge of war.

SOLD ROCKEFELLER'S HAIR RESTORER

New York, April 3.—A bottle of hair restorer which a Berlin chemist had concocted for John D. Rockefeller, brought ten cents at Uncle Sam's auction of seized goods. It was sold because Rockefeller failed to pay the duty.

STRIKE CRISIS IS NOW REACHED

Chicago, April 3.—At 9 o'clock this morning a hasty summons for the railroad labor chiefs was sent to the union headquarters at the Sherman house. Immediately thereafter a council of the 152 members of the strike committee of 49,500 employees of the western railroads was held and another summons issued for United States Labor Commissioner Neill and Chairman Knapp of the Interstate Commerce Commission, who had expressed a desire to appear before the men before any final action was taken in their consideration of the questions at once and call a strike. The commissioners were at the headquarters of the managers when the message reached them. They responded at once and this afternoon will use their most persuasive eloquence to prevent a strike.

COMPLETED HIS TERM.

Columbus, April 3.—Prince Otto Henry, an expert criminal, from pocket picking to bank robbery, completed his term in the penitentiary this morning. He said he was going back to Germany. He was sent up from Urbana.

PROCTOR'S WILL.

Westerly, R. I., April 3.—The will of the late William H. Proctor, the soap manufacturer, who committed suicide in Cincinnati recently, was filed in the probate court here. It directs that the property, amounting to \$10,000,000, be divided equally among his five children. There are no public bequests.

Nobody pretends to know just why M. Perier resigned the presidency, although his ostensible reason was given in all publicity.

Speculation on this subject recalls the case of Talleyrand, who requested that publication of his memoirs be deferred 30 years after his death. This period was afterward extended 20 years more, but when they were finally divulged the secret memoirs looked like a joke, similar to many of those to which Talleyrand was addicted when living, for they did not go much further than to mention the date when Louis XVIII remounted the throne.

J. J. HILL'S SON SUCCEEDS HIM

As President of the Great Northern Railroad System, Mr. Hill Having Resigned.

St. Paul, Minn., April 3.—J. J. Hill has resigned as president of the Great Northern, but will be chairman of the board of directors. T. W. Hill, his son, is now president. The following statement was issued from Mr. Hill's office: "At a meeting of the board of directors held here, the organization of the company was enlarged by the election of a chairman of the board of directors. James J. Hill was elected chairman. T. W. Hill was elected president and Frank H. McGowan first vice president. Mr. McGowan will have direct charge of the operating department. The company's business had doubled in the past five or six years, which renders necessary the increase in the operating staff."

MAGAZINE EXPLODED

New York, April 3.—Six hundred men working in a tunnel under the Hudson river narrowly escaped death this morning when a magazine exploded fired the woodwork in the tunnel. Many were brought out unconscious. It is believed all escaped.

WHEAT CONDITIONS.

Columbus, April 3.—The monthly report of the state board of agriculture shows the condition of wheat as 57 per cent of the average. The condition is given as satisfactory, though not a encouraging as this time last year.

JOHN R. WALSH'S CASE.

Chicago, April 3.—Banker John R. Walsh today entered a plea of not guilty in the federal court and the case was set for trial October 15.

INHALED GAS.

Cincinnati, April 3.—Mrs. Mattie Meyers is dead and her husband, Louis, is dying from inhaling escaping gas.

Henry W. Myers, fire boss of a mine of the Pittsburgh & Eastern Coal company, near McDonald, Pa., was burned to death by an explosion of firedamp in one of the mine rooms.

HEROIC EFFORT OF THE MOTHER

WAS UNAVAILING AND SHE PERISHED TOGETHER WITH HER CHILDREN

IN TENEMENT HOUSE FIRE

Father Was Unable to Reach His Family Owing to Rapid Spread of the Fire.

Passaic, N. J., April 3.—With the exception of the father, the entire family, a mother and four children of Michael Salupo was wiped out today in a fire which destroyed a tenement here.

Salupo, a barber occupied rooms on the third floor rear with his family. When the fire, which had started in a printing office in the basement, first broke out, the father rushed out to ascertain its seriousness. In an instant a sheet of flame had cut off his return and he was unable to reach the rooms in which his family were trapped.

In addition to Mrs. Salupo the dead are: Mary, aged 7; Libriato, 5; Tony, 3, and a baby, Joseph, aged 7 months. The charred bodies of the four children were found huddled about that of the mother. Twenty other families in the tenement escaped, and considerable mystery surrounds the failure of the Salupo family to get out, but the indications are that the mother sought to take all four children at once and was overcome in her heroic effort.

MURDER AND SUICIDE.

Cincinnati, April 3.—Wm. Higdon, a colored coachman, shot and killed his wife, Ophelia, Wednesday, and then turned the weapon on himself. He died almost instantly. The woman had applied for a divorce recently.

BLAMES CITIZENS FOR SHOOTING

Captain in 25th Infantry Testifies That "Rougher Element" Shot Up Brownsville.

Washington, April 3.—Captain Samuel P. Lyon of Company D, Twenty-fifth infantry, before the senate committee on military affairs in the Brownsville investigation, gave it as his opinion that negro soldiers were not guilty of "shooting up" the town, but that the firing was done by the "rougher element" of citizens of Brownsville. He was examined at length by Senator Foraker concerning the events of the night of Aug. 13, and was asked if he had participated in the attack upon the town. Replying that he had not, Captain Lyon was then asked by Senator Overman if he had ever been charged with doing the shooting. He said no charge had been made against him but undoubtedly some people in Brownsville thought the officers of the Twenty-fifth infantry must have known all about it before and after the affray, and many persons seemed to think that Captain Macklin may have been implicated.

BOY OF 11 SUICIDES.

Cincinnati, April 3.—Police say Edgar Thomas, aged 11, committed suicide by jumping into the river because his mother wanted him to return to the children's home.

Trials of Judge James Hargis, Senator Alexander Hargis, Elbert Hargis and Sheriff Callahan, all of Breathitt county, Ky., charged with the assassination of James Cockrill, were assigned for May 7.

F. A. BUSSE ELECTED MAYOR

BITTER CONTEST RESULTS IN A VICTORY FOR CITY'S PRESIDENT POSTMASTER.

CAR ORDINANCES INDORSED

Busse's Plurality is About 13,000—Socialist and Prohibition Vote Fell Off.

Chicago, April 3.—Frederick A. Busse, the Republican candidate for mayor, was elected Tuesday over Mayor Edward F. Dunne, his Democratic rival, by a plurality of 13,121 votes. The total number of votes cast for Mr. Busse was 18,839, and for Mr. Dunne 151,718. The Prohibition candidate polled 5,875 votes and the Socialist 13,459. Two years ago, when Mayor Dunne was elected to office, he polled 163,189 votes, and John M. Harlan, the Republican candidate, 138,671. The Socialist vote the same year was over 40,000, and their vote was a great disappointment to the leaders of that party. John E. Trager, for city treasurer, was the only Democrat elected, outside of aldermen. The new mayor will have the city council with him, but it is very close, as the makeup of this body shows 35 Republicans, 24 Democrats and one independent Democrat.

The campaign has been one of the most bitter the city has ever known. Charges and counter-charges have been hurled back and forth, the personal lives of the candidates have been held up to the public, and throughout the entire campaign speakers on both sides have indulged night after night in tirades that were filled with invectives and abuse.

Mayor Dunne abandoned hope within two hours after the polls had closed. He received the returns at his home, surrounded by his family and a few friends. He appeared to be greatly affected by the result, and said: "It looks as though the money power has overwhelmed us, but our cause is not lost. Municipal ownership and governmental ownership will win in the end. This election has merely acted as a check. It will retard us for a while, but the movement will go on, and will in the end be successful."

The issues in the campaign have been largely based upon the improvement of the local traction system. Both parties were agreed that the present conditions were intolerable, but differed as to the best method to be employed in revising them. The Democratic party, headed by Mayor Dunne, stood for immediate municipal ownership through condemnation of streetcar properties, if the result could not be obtained in any other way. The Republican party favored ordinances which were recently passed by a Democratic city council over the veto of Mayor Dunne. These ordinances provided for 20-year franchises for the streetcar companies, the city retaining the right to purchase the systems for \$50,000,000 plus the amount to be spent for immediate rehabilitation of the lines, six months' notice being necessary of the city's intention to acquire the property. The ordinances also provide for universal transfers throughout the city, a 5-cent fare, and 55 per cent of the net revenue of the companies to be paid to the city. The fight for and against the adoption of these ordinances has been exceedingly bitter. They were carried by a majority of about 40,000 votes. The vote showed a decided reversal of public opinion on the question of municipal ownership compared with the last mayoralty campaign two years ago. The Prohibition vote ran slightly above that of two years ago, while the Socialist vote fell off heavily, it being more than 12,000 less than that of the last city election.

Republican Elected.

Kansas City, Kan., April 3.—D. E. Cornell (Rep.) was elected mayor of Kansas City over W. W. Rose (Dem.) and John Gray (Socialist), by a plurality of about 1,000. A feature of the election was the candidacy of Miss Pierra Farrow (Rep.) and Miss Avis B. Chadborn (Dem.), for city treasurer. Miss Farrow was elected.

Woman Elected J. P.

Chicago, April 3.—For the first time in the history of Illinois a woman was elected as a justice of the peace at an election, at Evanston, a suburb. Catherine Waugh McCulloch, who conducts a law office in Chicago and who is known as a champion of woman's rights, was the successful candidate.

TEAMSTER'S STRIKE.

Boston, April 3.—The teamsters' strike for higher wages and shorter hours started today.

Detroit voters rejected the proposition to accept \$750,000 from Andrew Carnegie for a library.

Ladies' Jackets cleaned... 75c to \$1
Ladies' Waists 50c to 75c

GAVE RECEPTION TO MINISTERS

DR. AND MRS. E. W. HUNT ENTERTAIN DELEGATES ON THURSDAY.

Evening Service at Baptist Church at Which an Impressive Sermon Was Preached.

Granville, O., April 3.—The interest in the Ministerial Conference being held here is a rising tide. Each session has seen an advance of the preceding, high as was the standard from the beginning.

At the Tuesday morning session a deeply interesting devotional service was led by Rev. Herbert Agate of Norwalk. The general topic of the morning was "The Minister's Use of the Bible." Dr. J. A. Francis opened the discussion with a study of the 14th chapter of John, which served as an admirable exposition of a method of Bible study and of the passage itself. Two of the younger pastors, Rev. Charles Summer Brown of Cincinnati, and Rev. Millard Brelsford of Cleveland, gave brief but interesting accounts of their personal methods of Bible study and Professor Cornelius Woelfkin, D. D., of Rochester, N. Y., gave an address covering many points of the ministerial work and radiating helpful suggestions. His rare spirit of good fellowship added greatly to his effective address which was followed by questions.

The afternoon session at Recital Hall was given up to the subject of "The Minister at Prayer," after a devotional service conducted by Rev. J. B. Slocum, pastor of the Baptist Temple, Columbus. Dr. Woelfkin delivered an able address and was followed by Dr. Francis on "The Model Prayer," a remarkable exposition of the Lord's Prayer.

At the conclusion of the afternoon session the delegates and others were received by Dr. and Mrs. Hunt at the president's mansion for an hour.

The evening service at the Baptist church drew a large audience and was opened with an impressive devotional service conducted by Dr. Francis. The leading feature of the evening was the sermon by Dr. Woelfkin on "The Fivefold Work of the Ministry, viz.: Reconciliation, Power, Transformation, Consolation, Sanctification." It was a beautiful, inspiring and at times a thrilling picture of the possibilities of ministerial service. A considerable number of ministers and not a few non-ministerial visitors arrived during the day and still others are expected today.

A number of the members of the Beta Theta Pi fraternity entertained at their house Tuesday evening with an informal, yet pleasant evening. The following young ladies enjoyed their hospitality: Misses Frances Edmonson, Mary McKibben, Marion Rose, Margaret McKibben and Bertha Latimer of Newark.

Mr. and Mrs. Charles F. Moorehead of Bucyrus, who have been visiting friends here for a few days, have gone to Columbus, where they will visit their daughter, Mrs. Albert Williams, for a few days.

A number of the Kaappa Phis gave an informal party at their house on Mulberry street, Tuesday evening, and an exceedingly enjoyable time was had.

Kenneth Jewett is spending the day in Columbus.

Carolyn Hunt, who has been ill has recovered and is able to be out again.

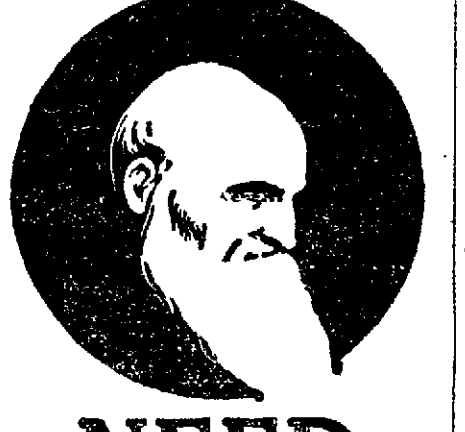

Mr. and Mrs. C. M. Linney of

Pittsburg, who have been visiting in Newark and Granville, have returned home.

Howard Hendricks of Columbus, made a short visit here with friends. It is reported that the T. & O. C. railroad company has secured men to take the places of the Granville section men who quit work, and that they were secured at Central City.

News has just been received here of the sad death by accident of a member of the Denison class of 1906, Mr. Emmet H. Leslie of Peniel, O., who fell from a wagon and sustained injuries which resulted in his death a few days ago, the burial occurring last Sunday. Mr. Leslie was an earnest student, and an excellent young man. He was teaching for a year, but expected to prepare for the ministry.

OLD PEOPLE

NEED VINOL

Because it contains the very elements needed to rebuild wasting tissues and replace feebleness with strength.

We return money if it fails to benefit.

FRANK D. HALL, DRUGGIST.

EASTER TIDE

Members of the Family at the Home for the Aged Are Kindly Remembered.

Granville, O., April 3.—The Methodist Home for the Aged was well remembered with "greetings" from the following people and societies: Mrs. A. H. Sisson and Miss Syrena Montgomery of Ferguson, Mo., gift of a beautiful hand painted picture for the dining room; Mr. Futror, the baker, candies; King's Daughters, potted tulip for each of the old people; Epworth league, potted lilacs of the valley to each member of the family. All were delighted to be remembered at this glad Easter tide and gave a vote of thanks to those who had made it possible for a bright Easter morning for all the family.

Last but not least, Mr. T. J. Cazell, who is past 89 years of age, with the help of Mrs. E. J. Chilcote, prepared a Scripture verse for all, which was very much appreciated.

Mr. H. P. Adams, who is past 90 years of age, has gone to Zanesville for a few days to visit his son.

All the members of the family are quite well with the exception of Miss Hortense Share, who has been quite sick, but is slowly improving. She is expecting a visit from her nephew, Rev. Mr. Keirfoot, D. D., of Mankato, Minn., this week.

A SPECIAL TRAIN MEETS ACCIDENT

NEWARK WRECK CREW CALLED TO CLEAR UP DEBRIS AT DILLONS.

A Number of Passengers From This City Escape Injury—Railroad News of the Day.

Of the 40 passengers on the special B. & O. train running as second section of No. 7, which was wrecked at Dillons Falls, near Zanesville, Tuesday, several were from this city, but fortunately none was hurt.

The wrecked train was a special made up in Zanesville to take the place of No. 7, which was detoured from Cambridge over the C. & M. and Pan Handle to Newark, owing to a freight wreck at Bridgeville which put the tracks out of commission at that point at 6 o'clock Tuesday morning. The train was made up of a freight engine, baggage car, day coach, diner and caboose. The train left the Zanesville station at 7:40, bound for this city with about 40 passengers aboard. It is thought that the wreck was caused by a spreading of the rails.

The couplings all held fast and the cars remained on their trucks, except the diner, which turned on its side and a number of windows were smashed. Another special train was sent out from here and part of the passengers were carried on while the others proceeded on an interurban car. The Newark wreck crew also went to the scene in short order and began the work of clearing up the road. The Benwood crew arrived there at noon and the two crews worked all afternoon in getting things in shape for the resume of traffic.

Wreck at Bridgeville.

A wreck occurred at Bridgeville, near Zanesville Tuesday morning, caused by the second section of a freight train running into the first section. The engine of the second train crashed into the caboose of the first. Luckily there were no trainmen in the caboose and no one was hurt. The caboose and several cars were totally demolished, however, and traffic was blocked for several hours.

Employees' Examination.

Superintendent Irwin of the Newark division of the B. & O. has gone over the Newark division as far as Wheeling notifying the trainmen that the regular examination for sight, hearing and color will take place immediately. This examination has been somewhat looked over in the past, but this year, it is said, it will be a very rigid one, and will apply to engineers, firemen, conductors, brakemen, baggage men, operators, section men and all signal men.

All other employees of the road whose work requires them around the trains, will be subjected to this examination. The reports on this examination will be taken into consideration in the rating of a man's ability.

The embargo on the B. & O. freight house at Wheeling has been raised and freight is moving again as usual. The railroad men claim that the congestion was caused by the business men themselves, and that the embargo was only put on to force the merchants to unload their cars as soon as received. This has been done in the past few days and the railroad men have had little trouble in keeping the depot clear.

Railway Notes.

Machinist B. G. Schilling is suffering with an injured eye. W. J. Holman, a shop employee, after having been off duty for some time, with an injured foot, has been marked up for service.

Julius Wintermantle, a shop employee, is unable to work on account of an injured eye.

G. A. Hankinson has recovered from his recent severe illness, and has returned to work.

Mr. Paul McCahon has accepted a position as clerk in Supt. J. F. Irwin's office.

Conductor T. J. Hutchinson, after

having been off duty for some time on account of sickness, has recovered and is on his caboose again.

General Manager Fitzgerald, General Superintendent W. C. Loree and Superintendent of Transportation C. W. Galloway arrived in the city on an inspection trip Wednesday at 6 a. m. The party left at 10 o'clock for Parkersburg, W. Va.

Cheapest accident insurance—Dr. Thomas' Electric Oil. Stops the pain and heals the wound. All druggists sell it.

BOARD OF TRADE TONIGHT.

Remember the annual meeting of the Board of Trade tonight for re-organization at Assembly Hall at 7:30. Election, banquet, music, speeches and informal talks. You are invited.

SELF DENIAL WEEK FOR SALVATION ARMY

During its little less than 26 years of successful work in the United States, The Salvation Army has clearly demonstrated the fact that it has a specific and very important mission to fulfill in reclaiming the lost, rescuing the outcast, lifting the fallen and ministering to the bodies as well as to the souls of men. In fact, The Army seems to have a sphere of usefulness and philanthropy peculiarly its own in that its eminent temporal head, General William Booth, and his distinguished daughter, Commander Eva Booth, leader of The Army's operations in this country are enabled by their wise direction of affairs to follow lines of effort which no other religious and benevolent movement has ever attempted.

And now they announce their "Annual Week of Prayer and Self-Denial," to take place from Sunday, April 14th, to Sunday, April 21st, both dates inclusive.

Practising daily self denial, these earnest and zealous workers are going in to abstain, during this special week, from all luxuries and ever from some of the necessities of life, that they may raise more money with which to extend The Army's operations at home and abroad.

Let us help them by every means in our power, for they are worthy. No cry for help is too faint in the ears of The Salvation Army to remain unanswered, if answer is possible. Help to make it possible during The Army's Self-Denial Week, April 14 to 21, inclusive.

There are 52 weeks in the year, and of these you may have 51 for following your own comfort. Does it seem a great deal that you should perhaps stint yourself a bit for one week in order to assist The Salvation Army, which, in order that it may do its work, denies itself the year around? Remember Self-Denial Week, April 14 to 21, 1907.

NEW POWER PLANT FOR INTERURBAN LINE

The Indiana, Columbus & Eastern railway company recently asked for bids for a new power house and station to be erected this summer at Etna.

The building is to be a one story brick, 50x60, with red tile roof and built on a plan of great architectural beauty. The prime purpose of the plant is to supply power for the Buckeye Lake line, but the power will be available all along the line of the Columbus, Newark & Zanesville interurban.

TWO GREAT INVENTIONS.

Two scientific inventions of Prof. Clark W. Chamberlin, of Denison university, have been asked for exhibition at the Jamestown Exposition, which opens April 26.

The inventions are two marvelous machines dealing with the measurements of particles of substance many, many times smaller than would be

"KAYSER" GLOVES
The "Kaysers" in the "Kaysers" have wearing quality equal to three pairs of ordinary kind.
That is why there are more "Kaysers" gloves sold than all other kinds added together.

visible to the eye. One machine is known as the Compound Interferometer. It is based on the interference of light waves and is the most delicate instrument known to science, its minimum being two hundred times as minute as that of the theoretically perfect microscope.

The other, a ruling engine, is for the construction of the fine gratings used in the U. S. astronomical observatories. So minute are the spaces between the parallels that the horizontal progress of the machine, while moving constantly, is only about ten inches in seven weeks.

LEMON CHILD IS BURIED TODAY

BOY ACCIDENTALLY SET FIRE TO HIS BROTHER'S CLOTHING IN MORROW COUNTY.

When Little Fellow's Clothing Was Burned Off Brother Poured Water on the Body.

The funeral of Harry Lemon, the 20 months old son of Mr. and Mrs. Bert Lemon who lives near Chester-ville, Morrow county, took place on Wednesday morning at 10 o'clock, burial being made in Mt. Tabor cemetery. The Advocate had a dispatch from Mt. Gilead Tuesday telling of the little child's tragic death.

Mr. and Mrs. Lemon were away from the house at the time, having gone to the barnyard to do chores. When they returned they found their baby boy lying on the back porch and his five year old brother was pouring water over his body, which was burned almost beyond recognition.

The child was still alive when the parents found him, but death resulted before any medical assistance could be secured.

From what the parents have been able to learn from the older child, the two children were playing about the kitchen stove and were poking sticks into the fire and while playing in this manner, the clothing of the baby caught fire from the stick which the older child was holding. When the child's clothing was about burned off the boy dragged his brother out of the house and extinguished the flames by pouring water over the body.

CRAVING FOR DRINK DESTROYED

The best aid to temperance is something that will strengthen the drunkard's wrecked nervous system and cure his unnatural craving for drink. We believe that any man who really desires to be cured of the liquor habit can cure himself by using Orrine. This remarkable discovery has made so many cures among our customers that we are glad to sell it under an absolute guarantee to refund the money if it does not cure.

It is in two forms; No. 1 that can be given secretly, and No. 2 for those who wish to be cured. It is not only the most reliable treatment known, but it is also the most economical as it costs only \$1 a box and there is no detention from the usual duties, while if cure is not effected, there is no expense whatever. Mail orders filled. The Orrine Co., Washington, D. C., or F. D. Hall, Newark, O. 37

RIGHTS OF WAY BEING SECURED FOR TROLLEY LINE

Mansfield, O., April 3.—Thirty six right of way agreements have been filed in the recorder's office by S. N. Ford, Reid Carpenter and their associate between Mansfield and Mt. Vernon.

It was stated by Mr. Carpenter that practically all of the right of way between here and Mt. Vernon had been contracted for.

The move of the traction men in filing rights of way indicate that they mean business. The active construction of the line may be commenced this year, but the promoters of the line have two years in which to secure the right of way necessary to build the road. The line as projected will closely parallel the B. & O. railroad.

A beer advertisement shouldn't be dry reading.

The dealer in oatmeal and cornmeal might advertise "Meals at all hours."

Similarly named remedies sometimes deceive. This first and original Cold Tablet is a **WHITE PACKAGE** with black and red lettering, and bears the signature of

treasury become less and less effective." Yes, and the Steel trust, in which Mr. Carnegie is so largely interested not only presumes upon the government's action, but the protection it gets from the Republican tariff law is most effective in allowing the trust to make enormous profits.

One good result of the pure food and drug law is already accomplished, for the New York Journal of Commerce says: "Careful investigation along the line of whether the national pure food and drug law has resulted in purer drugs brings out the fact that the public is getting a better quality of drugs than ever it did before, and that, strange to say, the prices are practically the same as they were before the law went into effect." Thus another good law forced on the statute books by Democratic efforts proves of inestimable value to all the people.

Buckeye Lake Privileges
(Columbus Dispatch)

The game warden's act in lifting and destroying nets illegally placed by fishermen in Buckeye Lake has brought loss to a good many persons, but it is just. If there were no law on the subject and no game warden, the injustice of the net fishermen's course would be quite as apparent. They have been seeking for their own gain to destroy a sport that is meant for many; they have been seizing for themselves what all should at least have an equal privilege to enjoy. In a small way, they have been doing what the trusts and grangers do.

Buckeye Lake is a body of water that may yield much pleasure to the people of central Ohio, if the rights of all the people are preserved. If a few are to get all the fish, own all the water frontage or monopolize the boating or other privileges, the lake will cease to be a place of public recreation. The lake was intended for all, and its privileges should be protected for all alike. It is a pleasure to know that the law in this interest is being enforced.

Secretary Cortelyou is certainly trying to help out Wall street all he can, for besides paying interest on bonds in advance, he has also loaned the Wall street banks \$15,000,000 more of the people's money—without interest, of course, and promises more if needed. Thus the frenzied financiers get return from their campaign contribution to the Republican campaign fund.

Mr. Carnegie when at the White House last week, declared that the Wall street speculators "presume upon the government action, and relief measures by the secretary of the

SPLENDID APRIL TONIC.

This is known as "Blood-Cleaning Time," especially among the older folks who always take something during this month to clean the blood of impurities and build it up.

The following is the recipe as given by a well known authority, and anyone can prepare it at home:

Fluid Extract Dandelion one-half ounce, Compound Kargon one ounce, Compound Syrup Sarsaparilla three ounces.

Get these simple ingredients from any good pharmacy and mix by shaking well in a bottle. The dose is one teaspoonful after meals and at bedtime.

Everybody should take something to help the blood, which becomes impoverished and almost sour after the winter season, especially those who are subject to Rheumatism, Catarrh, Kidney and Bladder trouble.

It is said that one week's use of this mixture will clear the skin of sores, pimples or boils.

This is sound, healthy advice, which will be appreciated by many readers.

WILL GIVE SUPPER.

Supper will be served by the Holy Name Society in the basement of the Church of the Blessed Sacrament on Thursday, April 4, commencing at 4:30 p. m.

Menu.

Escalloped Oysters, Ham, Tongue, Potato Salad, Cold Slaw, Lettuce, Pickles, Bread and Butter, Rolls, Coffee.

Supper 25c. Ice Cream and cake 10 cents extra. 4-1-3t

FEDERAL COURT

MAY HAVE TO DECIDE AS TO THE POSSESSION OF CHADWICK GEMS.

Cassie's Jewels Said to Have Been Given as Collateral Security in New York.

Cincinnati, O., April 3.—The possession of the valuable jewels of Mrs. Cassie Chadwick, which were alleged to have been smuggled from France, must be passed upon by the federal courts in New York city instead of in Cleveland, according to a decision announced by the United States circuit court of appeals in this city. The jewelry, said to be worth several thousand dollars, was alleged to have been smuggled into this country from France by Cassie Chadwick. The gems are said to have been placed with J. W. Friend of Pittsburg as collateral security for a large sum of money. Friend is alleged to have loaned to Mrs. Chadwick. Friend sent them to Adrian H. Larkin, a jeweler in New York city, and it was there Collector Leach of Cleveland found them. As the gems were said to have been smuggled into the country, the government claimed the right to appropriate them and to sell them at public auction to the highest bidder. The dispute was as to whether the New York or the Cleveland authorities have the right to confiscate them.

THIS AND THAT

HELP NEWARK GROW.

As an humble aspirant to the realms of jingling rhyme, I take my ready pen in hand and start this truthful chime. Of poets we have a plenty and of songsters also, But it is not this kind of folks that make a city grow.

Help Newark grow!

I mean you. What makes you so awful slow? Your shoulder to the wheel will make 'er go! She's a busy bustling place, always first in every race. The best town in Ohio.

Don't sit on the fence and see improvements pass, Come down off the perch of the do-nothing class. He who sells goods is the one to advertise, But let every one boost Newark to the skies.

Help Newark grow!

She surely is a healthy child you know. If you would have her grow, cough more dough! Then we'll have the lead in old Ohio. Newark is growing mightily, 'tis bound to expand, 'Tis even now encroaching on Licking county's land.

We have the people with the brains, blood and the vim, Come along everybody and get in the swim!

Help Newark grow! Cut out "Old Slow!" Put your money where it'll show! Give the Board of Trade the glad hand, They surely are an "All-Right Band," Best in Ohio.

Chicago's red hot campaign finally wound up yesterday and it is Dusse who has Dunne it.

Mr. Harriman's grammar is faulty. He says the President sent him a request to "go" to Washington. Harriman should have said that Teddy wanted him to "come" to Washington.

To the disinterested outsider viewing the race between Taft and Foraker, it looks as if the Secretary is about a smile ahead.

Don't be prone to ask or give favors too freely as the habit frequently acts like a two-edged sword, and cuts both ways.

Arbor day will soon be here. Do not forget that it is your duty to provide shade for posterity.

Isn't all this boom for Taft, which is practically confined to the limits of Ohio, merely the proteogomenary of the grand third term scheme for Teddy?

The Senator known as Indiana's Beverage is trying to keep himself before the public by scoring the preachers, alleging that their sermons are inferior to the Bible from a literary standpoint.

Texas leads the States in point of railroad trackage with 12,000 miles. Illinois comes second and Pennsylvania third.

Patience is a virtue, but there are others.

Wigg—"I have tried to kill that cat at least 18 times." Wag—"Well, I suppose even a cat may lead a double life."

The mercury stood at 20 above zero at 6 a. m. April 2 in Newark. This is said to be colder than any day in March.

Now people are wondering how much damage the present cold snap has done to the early fruit.

Any way to get the ball started to rolling for greater Newark.

It is the town that gets up and goes right after things that gets what it wants these days.

Somebody wants to know who her there is any difference in the weight of water when in liquid form and when the same quantity is turned to ice. Offhand we should say not, but there's a big difference in the price.

Frequent favors asked and given, and one refused, even with good reasons, usually results in a misunderstanding.

Our citizens, capitalists and laboring men, one and all, rich and poor,

AID FOR BLIND A PUBLIC MATTER

MR. J. M. GRANT OF THE HUMANE ORDER OF THE BLIND

Visits Newark and a Meeting Will be Held on April 15th to Discuss the Matter.

Mr. J. M. Grant of the Ohio Patriotic Humane Order of the Blind, who was in the city Tuesday has arranged for a mass meeting to be held in the basement of the court house on April 15, for the purpose of arousing a public interest in the effort to restore the blind pension law, which was declared unconstitutional by the Ohio Supreme court a short time ago.

There has been quite a movement throughout this part of the state, originating at the Institution for the Blind at Columbus. In that city it has been taken up and encouraged by such prominent men as Mayor Badger, Judge M. B. Earnhart, Judge Dillon, Judges Pugh and Black, and the Rev. Dr. Hewitt. In order that the public may know what some of the more prominent citizens of Columbus think of the recent action against the pensioners, the statement of one prominent judiciary in introducing Mr. Grant to a local official: "I enclose my views on the subject, and have many authorities to show that the Supreme court was in error. The aid of the blind is a public matter, and has been so held in all civilized courts excepting our own."

At the meeting of the 15th, Mayor McCleery and Judge E. M. P. Brister will deliver addresses and take an active part in favor of the work to

STOCKHOLDERS

ELECT A DETROIT MAN PRESIDENT OF FINDLAY-MARION RAILWAY.

Supreme Court is Only Hope. Murderer Cornelius Has—Ohio News Briefs.

Columbus, O., April 3.—At a meeting of the stockholders of the Findlay-Marion Railway and Light company the following officers were elected: President, R. P. Henkey, Detroit; secretary-treasurer, G. W. Meeker, Columbus; general counsel, Emmet Tompkins, Columbus. A private right of way has been secured for the entire length of the line, and the capital stock within a few weeks will be increased from \$250,000 to \$1,250,000. Bonds equal to the capital stock will be issued. Construction work will begin this summer.

Labor Row.

Columbus, O., April 3.—A general walk-out among the employees of the Franklin brewery was instituted. A few of the men appeared but failed to report for work. This follows the action of the master breweries in which they agreed to sign with the international organizations of stationary firemen and engineers. This was regarded as a victory for the American Federation of Labor, with which these bodies are affiliated. It is understood that the employees of the Hoster-Columbus Associated Breweries company will go out.

Supreme Court Only Hope.

Canton, O., April 3.—Unless the supreme court grants a stay of execution, which is the prisoner's only hope, James Cornelius will be electrocuted April 26. This was determined when the circuit court affirmed the common pleas verdict. Cornelius was convicted for murdering his wife last September with a window weight. The prisoner's plea of error was based on dipomania at the time of the crime.

Reindicted For Murder.

Canton, O., April 3.—Melvin R. Smith, who shot and killed James Shetler in 1902, but who escaped trial after being declared insane and sent to the Massillon state hospital, appeared before Judge Ambler, who overruled a plea in abatement and set his hearing for April 22. Smith was recently reindicted for first degree murder.

Official Makes Good.

Columbus, O., April 3.—Former County Treasurer Willis G. Bowland, who was found by the bureau of public accounting to have drawn illegal fees in connection with his office, paid the amount, \$2,355.05, to the prosecuting attorney, who certified it into the treasury. There are several others, who have not yet settled with the county.

Streetcar Problem.

Cleveland, O., April 3.—With only one dissenting vote the city council adopted the report of the special street railway committee, which has in charge Cleveland's street railway problem. This report recommends that the matter of street railway franchises, low fare and other issues involved be submitted to popular vote.

Organ Grinders Banished.

Cincinnati, O., April 3.—The Italian organ grinder and his chattering assistant, the monkey, have been banished from the streets of Cincinnati. Mayor Dempsey has declared that he wants no organ grinders and monkeys and no trained bears or other mountebank stunts in Cincinnati, and he will not give any licenses for them.

Former Canton Chief.

Omaha, Neb., April 3.—Captain J. M. Webb, for several years in charge of the government secret service work in the western Iowa and Nebraska district, has resigned. He will retire to his farm in Indiana. Captain Webb has been in the government secret service for about 20 years. Previously was chief of police of Canton, O.

Girl Takes Strychnine.

Blanchester, O., April 3.—Miss Mabel Losh, 18, and a society favorite, committed suicide here. She purchased 12 grains of strychnine at a drug store, stating she wanted it to kill rats. Cause not known, but supposed to be a love affair.

Death a Mystery.

Marion, O., April 3.—William Green, 60, of Richmond, employed as a laborer on a farm, was found dead in a ditch. No marks were found on his body and his death is a mystery. Green leaves a wife and an adopted daughter.

Depot Master McCabe Hurt.

Columbus, O., April 3.—While attempting to board a streetcar Bernard McCabe, the aged station master at Union station, was thrown violently to the ground, sustaining severe injuries to his head and side.

Drops Dead When Released.

Toledo, O., April 3.—Lawrence W. Waggowitch, a prisoner serving a term in the Toledo workhouse for beating his wife, dropped dead when informed that his wife had paid his fine and procured his release.

Easter market and apron sale Thursday afternoon from 1 to 5 o'clock.

A NEW BULLETIN HAS BEEN ISSUED

Handsome New Illustrated Document Concerning Denison University Just Out.

The most beautiful illustrated Bulletin ever put forth by Denison university has just been issued from the Webb Printing company of Cincinnati. Bulletin No. 23 is a booklet of 32 illustrations, with a dark brown cover, embossed with the university seal. The booklet contains cuts of the buildings, the new campus improvements, and a fine double page panoramic view of the town, the college and the distant hills. There are also fine cuts of Prof. Clark Chamberlin's remarkable inventions, the compound interferometer and the ruling engine together with descriptions of the various illustrations.

GEO. W. SLATTER

Former Newark Man Plans to Escort a Party of 100 Men to Nome, Alaska.

An exodus of Columbus men is expected in the event that G. W. Slatter a former Newark man, and one who has taken the prize as being the tallest Eagle in the world, has his way about it. He proposes to escort a party to the distant country of Nome in Alaska, the seat of the golden empire of the Midnight Sun.

In order to make this a success Mr. Slatter must have 100 people who sign an agreement for good or ill, and as many more are privileged to take the trip if they do desire, at the same rate, whatever that may be. Mr. Slatter stated that he had 60 people already who had signified their intentions to take this trip and that more were coming in every day. The journey to this land of the midnight sun will occupy several months, and those who take it have the privilege of returning at such time as they please when they reach the land where snows are perpetually seen. Mr. Slatter himself has spent seven years in the climate of Alaska, which he describes as being most hospitable between the time of the expedition and its return.

JUDGE C. W. SEWARD IN CALIFORNIA

Mr. E. M. Larason, the accommodating deputy in the office of County Clerk Hursey received a letter from Judge C. W. Seward, dated Riverside, Cal., March 28, where the Judge and his wife spent a couple of days, after which they returned to Los Angeles. In his letter to Mr. Larason the Judge gave a graphic description of his trip through the American desert, and contrasted that dreary waste with the land of orange groves and flowers in the vicinity of Riverside. He said that he and his wife were having the time of their lives. He also said that he was thinking of shipping a pretty little burro to Deputy Sheriff Hindel. The Judge sends regards to all his friends.

STOCKHOLDERS

ELECT A DETROIT MAN PRESIDENT OF FINDLAY-MARION RAILWAY.

Supreme Court is Only Hope. Murderer Cornelius Has—Ohio News Briefs.

Columbus, O., April 3.—At a meeting of the stockholders of the Findlay-Marion Railway and Light company the following officers were elected: President, R. P. Henkey, Detroit; secretary-treasurer, G. W. Meeker, Columbus; general counsel, Emmet Tompkins, Columbus. A private right of way has been secured for the entire length of the line, and the capital stock within a few weeks will be increased from \$250,000 to \$1,250,000. Bonds equal to the capital stock will be issued. Construction work will begin this summer.

Labor Row.

Columbus, O., April 3.—A general walk-out among the employees of the Franklin brewery was instituted. A few of the men appeared but failed to report for work. This follows the action of the master breweries in which they agreed to sign with the international organizations of stationary firemen and engineers. This was regarded as a victory for the American Federation of Labor, with which these bodies are affiliated. It is understood that the employees of the Hoster-Columbus Associated Breweries company will go out.

Supreme Court Only Hope.

Canton, O., April 3.—Unless the supreme court grants a stay of execution, which is the prisoner's only hope, James Cornelius will be electrocuted April 26. This was determined when the circuit court affirmed the common pleas verdict. Cornelius was convicted for murdering his wife last September with a window weight. The prisoner's plea of error was based on dipomania at the time of the crime.

Reindicted For Murder.

Canton, O., April 3.—Melvin R. Smith, who shot and killed James Shetler in 1902, but who escaped trial after being declared insane and sent to the Massillon state hospital, appeared before Judge Ambler, who overruled a plea in abatement and set his hearing for April 22. Smith was recently reindicted for first degree murder.

Official Makes Good.

Columbus, O., April 3.—Former County Treasurer Willis G. Bowland, who was found by the bureau of public accounting to have drawn illegal fees in connection with his office, paid the amount, \$2,355.05, to the prosecuting attorney, who certified it into the treasury. There are several others, who have not yet settled with the county.

Streetcar Problem.

Cleveland, O., April 3.—With only one dissenting vote the city council adopted the report of the special street railway committee, which has in charge Cleveland's street railway problem. This report recommends that the matter of street railway franchises, low fare and other issues involved be submitted to popular vote.

Organ Grinders Banished.

Cincinnati, O., April 3.—The Italian organ grinder and his chattering assistant, the monkey, have been banished from the streets of Cincinnati. Mayor Dempsey has declared that he wants no organ grinders and monkeys and no trained bears or other mountebank stunts in Cincinnati, and he will not give any licenses for them.

Former Canton Chief.

Omaha, Neb., April 3.—Captain J. M. Webb, for several years in charge of the government secret service work in the western Iowa and Nebraska district, has resigned. He will retire to his farm in Indiana. Captain Webb has been in the government secret service for about 20 years. Previously was chief of police of Canton, O.

Girl Takes Strychnine.

Blanchester, O., April 3.—Miss Mabel Losh, 18, and a society favorite, committed suicide here. She purchased 12 grains of strychnine at a drug store, stating she wanted it to kill rats. Cause not known, but supposed to be a love affair.

Death a Mystery.

Marion, O., April 3.—William Green, 60, of Richmond, employed as a laborer on a farm, was found dead in a ditch. No marks were found on his body and his death is a mystery. Green leaves a wife and an adopted daughter.

Depot Master McCabe Hurt.

Columbus, O., April 3.—While attempting to board a streetcar Bernard McCabe, the aged station master at Union station, was thrown violently to the ground, sustaining severe injuries to his head and side.

Drops Dead When Released.

Toledo, O., April 3.—Lawrence W. Waggowitch, a prisoner serving a term in the Toledo workhouse for beating his wife, dropped dead when informed that his wife had paid his fine and procured his release.

CARPENTERS WILL WORK EIGHT HOURS IN NEWARK THIS SEASON.

The following scale of wages has been adopted by Local Union 136 of Carpenters of Newark, beginning April 1st, 1907, and ending March 31, 1908:

The minimum scale shall be thirty-seven and one-half cents (37 1-2) per hour, and eight (8) hours shall constitute a day's work.

For hand dressing all hard wood floors, it shall be fifty (50) cents per hour and eight (8) hours per day.

The apprentices' scale shall be fifteen cents (15) per hour for the first year, twenty (20) cents per hour for the second year, twenty-five (25) cents per hour for third year, thirty (30) cents per hour for fourth year, and an eight (8) hour day.

Time and half for overtime and double time for Sundays and legal holidays.

Adopted by Local Union 136 of Carpenters of Newark.
Newark, O., Jan. 22, 1907. 4-1d6t

DIFFICULT WORK LAYING MAINS

The board of public service members were present at the scene of the water main construction north of the city Tuesday evening where the contractors are experiencing considerable difficulty in laying the mains because of the large amount of water in the ditch.

The pipe gang is just past the old site of the municipal pumping station where so much difficulty was experienced with water a year or more ago. The ditch fills so rapidly with water which seeps through the soil that it has been necessary to rig up two pumps to keep the water out of the ditch long enough to enable the joints of the mains.

Thursday afternoon while the "crafter" was at work one of the pumps gave out and it was necessary to put a dozen men into the ditch with buckets to bail out the water until the joint was finished.

MOTHER SAYS SHEET POWDERS FOR CHILDREN.

For children's faces, necks, and hands, use the famous "Sheet Powders" for children. They are made of pure talc and are the best for children's skin. They are sold everywhere.

Mother Gray, Newark, O. A. S. CLAMSTED, La. Roy, N. Y.

Complies with all requirements of the National Pure Food Law, Guarantee No. 2041, filed at Washington.

ARBUCKLES' ARIOSA COFFEE

TO FORTIFY THE BODY AGAINST FATIGUE THEY DRINK ARBUCKLES' COFFEE

An old soldier writes about ARIOSA Coffee: "Your coffee is the best and richest coffee I ever drank since I left the service, from '61 until I received your coffee yesterday." A soldier knows coffee by the taste, and the way it makes him feel, and would sooner go without his bread than without his coffee. Arbuckles' ARIOSA was the first roasted, packaged coffee, packaged for protection of consumers, roasted and the pores of each berry sealed with a coating of fresh eggs and pure sugar, to hold the goodness in and make the coffee settle clear and quickly. Better than "fresh roast." Warning a little develops the flavor and makes the grinding easy. Our enormous coffee business, exceeding the next four largest firms in the world together, reduces our average cost per pound, and enables us to give you better coffee for your money than you can buy in any other way. There are more packages of ARIOSA sold in the United States than all the other Coffee packages combined.

If your grocer will not supply, write to ARBUCKLE BROS., New York City.

SOLD IN SEALED PACKAGES ONLY—FOR YOUR PROTECTION

New J B Corsets

There Is a Model Built
For Every Form

THE J B CORSET people build so many kinds of corsets that we can make the corset fit the woman instead of the woman fit the corset. Its an important point. The slender, medium and large figure can each find a model especially adapted to their needs. This week we have a special exhibit from the J B Corset manufacturers, showing the newest corset shapes for spring. We heartily recommend this corset to our customers for the many good qualities not found in other corsets at the same price. Every well-dressed woman realize that the perfect fit of her gown depends entirely on the fit and outline of her corset. In the J B models you will find exquisite outlines and grace, never before realized in American creations. Durability is also a strong feature of the J B Corsets. It begins with the selection of the materials. Every bone, fabric, and even pieces of tape are carefully inspected, and every stitch and stroke is by competent hands. The result is the most durable corset that can be produced. Our corset department contains all the models of special feature, the new princess back, medium and high bust effects, and the new long hip girdle, all with attached hose supporters.

ALL THE BETTER CORSETS FITTED AT OUR
STORE. COME THIS WEEK AND SEE THE
SPECIAL J B CORSET EXHIBIT.

BOARD OF TRADE ANNUAL MEETING THIS EVENING

ELECTION OF DIRECTORS TO BE
FOLLOWED BY BANQUET AT
ASSEMBLY HALL.

PROMINENT MEN TO SPEAK

Speakers Will Talk of Affairs of Vital
Importance to the City of
Newark.

At 7:30 o'clock this (Wednesday) evening, the annual meeting of the Newark Board of Trade will be held in Assembly Hall, Union Block.

After the election of directors for the ensuing year, and the informal discussion of matters of interest to the city, a banquet will be served and this will be followed by addresses by a number of Newark's best known men.

Every man in Newark is invited to attend this meeting and join the Board of Trade. The annual membership fee is \$5.

At the meeting tonight the treasurer will submit an itemized statement showing the receipts and expenditures of the Board of Trade since the last meeting. This report shows a cash balance today of \$448.11.

The membership committee is at work today but will not have time to call upon a large number of the men of the city. The general committee desires this paper to extend an invitation to every man who is interested in the growth and welfare of Newark to attend this evening's meeting as new officers are to be chosen and several matters of vital interest to the city will be discussed. However, it is officially announced that no subscription paper will be passed and nobody will be asked to pledge a cent for any purpose, save to pay his annual membership dues.

The refreshment committee announces that a light lunch will be ready upon the arrival of the men at 7:30 tonight. A little later will come the election of officers and at 9:30 the banquet will be ready.

The following named men will speak after the banquet tonight: Mayor McCleery, Judge E. M. P. Bristol, Carl Norpell, J. R. Fitzgibbon, F. A. Bolton, J. D. Simkins, A. C. Davis, W. D. Fulton and B. F. McDonald. Members of the reception committee whose names appear below are requested to be on hand promptly tonight at 7:30 o'clock:

F. M. Black, W. H. Mazey, George D. Bradshaw, Fred C. Evans, Captain A. H. Helsey, Carl Norpell, Prof. J. D. Simkins, Wesley Montgomery, W. S. Weigant, W. W. Wehrle, William Kellenberger, Charles A. Smith, Geo. Hermann, O. A. Crane, R. C. Bigbee, Charles Long, Henry Beckman, S. F. Van Voorhis.

The indications late this afternoon point to a large attendance of representative Newark men. All are invited.

In the past two days the Franklin National bank has sold to its patrons and others \$29,000 worth of the 4 per cent non-taxable Newark school bonds, which are advertised elsewhere in this paper.

Auction sale at Parish House, Thursday afternoon from 1 to 5 o'clock.
30smw3t

Ireland's Loss.

London, April 3.—A parliamentary paper shows that emigration depleted the population of Ireland last year by 35,918 persons, being 3.2 per thousand of the entire population. The United States continues to be the Irish Mecca, having received last year 76 per cent of the total emigration. It is pointed out in this paper that since 1851 4,110,000 persons have emigrated from Ireland, and that this number equals 93 per cent of the present population.

SAID COMPANION HYPNOTIZED HER

Columbus, O., April 3.—John Valentine, married, of New Castle, Pa., and Anna Williams, of the same place, were taken into custody by the police yesterday for investigation, after the woman had pawned jewelry in local pawnshops to the amount of \$200.

Taken to police headquarters by Detective Dorgan, the woman told a pitiful story. She said that Valentine had a hypnotic influence over her. After causing her downfall in New Castle, she said he had followed her to Youngstown, and later to Columbus. Arriving here, she was without money, and having no means of support she had pawned her rings and other valuables and turned the money over to Valentine.

Valentine had \$25 which he admitted was a part of the money received from the sale of the woman's jewelry. He was ordered by Chief O'Connor to turn the money over to the owner and get out of Columbus on the next train. He pleaded that he was without money and the woman gave him \$5. The Williams woman was afterward released.

M. BORDENKIRCHER MAY YET RECOVER

Coshocton, O., April 3.—Mike Bordenkircher who shot himself at Plainfield Sunday may get well but he has marked himself horribly. Dr. Moorehead has taken 18 stitches in the wound but there still is a hole about two inches across where the flesh has been shot away. The left half of his lower jaw is gone.

CRUSHED TO DEATH BY FALLING STACK

Columbus, April 3.—Howard Decker, aged 32, night engineer at the Columbus Packing company in South Columbus, was crushed to death under a falling smoke stack at the old plant of the Columbus Starch works, at 7 o'clock last night. Almost every bone in his body was broken.

A gang of men was at work at the old starch factory all day tearing down the walls, the ruins of a fire which destroyed the plant a few years ago. The 100 foot brick smoke stack was found to be in a dangerous condition and fearing that it would fall during the night men were assigned to raze it.

MURESCO.

This is the best, the most healthful, as well as the most durable wall decoration known. It excels all other compounds for plain, tinting and decorative work on interior walls and ceilings. One pound of Muresco will cover from 60 to 100 square feet of surface; it covers well and is ready for immediate use when mixed with hot water. It is absolutely non-poisonous.
